The little things are the big things.  
It is never being too old to hold hands.  
It is remembering to say "I love you" at least once a day.  
It is never going to sleep angry.  
It is at no time taking the other for granted;  
the courtship, should not end with the honeymoon,  
it should continue through all the years.  
It is having a mutual sense of values  
and common objectives.  
It is standing together facing the world.  
It is forming a circle of love that  
gathers in the whole family.  
It is doing things for each other,  
not in the attitude of duty or sacrifice,  
but in the spirit of joy.  
It is speaking words of appreciation  
and demonstrating gratitude in thoughtful ways.  
It is not expecting the husband to wear a halo  
or the wife to have wings of an angel.  
It is not looking for perfection in each other.  
It is cultivating flexibility, patience, understanding  
and a sense of humor.  
It is having the capacity to forgive and forget.  
It is giving each other an atmosphere  
in which each can grow.  
It is finding room for the things of the spirit.  
It is a common search for the good and the beautiful.  
It is establishing a relationship in which  
the independence is equal, dependence  
is mutual and the obligation is reciprocal.  
It is not only marrying the right partner,  
it is being the right partner.

The Art of Being Yi-Ping Ong,2018-12-10 The Art of Being is a powerful account of how the literary form of the novel reorients philosophy toward the meaning of existence Yi Ping Ong shows that for Kierkegaard Sartre and Beauvoir the form of the novel in its classic phase yields the conditions for reconceptualizing the nature of self knowledge freedom and the world Their discovery gives rise to a radically new poetics of the nineteenth and twentieth century realist novel For the existentialists a paradox lies at the heart of the novel As a work of art the novel exists as a given totality At the same time the capacity of the novel to compel belief in the free and independent existence of its characters depends on the absence of any perspective from which their lives may be viewed as a consummated whole At stake in the poetics of the novel are the conditions under which knowledge of existence is possible Ong s reframing of foundational debates in novel theory takes us beyond old dichotomies of mind and world interiority and totality and form and mimesis It illuminates existential dimensions of novelistic realism overlooked by empirical and sociological approaches Bringing together philosophy novel theory and intellectual history with groundbreaking readings of Tolstoy Eliot Austen James Flaubert and Zola The Art of Being reveals how the novel engages in its very form with philosophically rich notions of self knowledge freedom authority world and the unfinished character of human life
