debate the best way to stay alive in war zones Licensed to Kill spans four continents and three years taking us inside the CIA's dirty wars the brutal contractor murders in Fallujah and the Alamo like sieges in Najaf and Al Kut the Deep South contractor training camps where ex Special Operations soldiers and even small town cops learn the ropes the contractor conventions where macho attendees swap bullet punctuated tales and discuss upcoming gigs and the grim Central African prison where contractors turned failed mercenaries pay a steep price The United States has encouraged the use of the private sector in all facets of the War on Terror placing contractors outside the bounds of functional legal constraints With the shocking clarity that can come only from firsthand observation Licensed to Kill painstakingly deconstructs the most controversial events and introduces the pivotal players Most disturbingly it shows that there are indeed thousands of contractors with hundreds more being produced every month who've been given a license to kill their services available to the highest bidder Licence to Kill (Blu-Ray), 2012 *Ian Fleming's James Bond in Licence to Kill* John Gardner, 1989
