Uncoupled :

Uncoupling Diane Vaughan, 1990-09-05 Drawing from extensive research and in depth interviews an invaluable guide for anyone who wants to understand or prevent the collapse of a relationship How do relationships end Why does one partner suddenly become discontented with the other and why is the onset of that discontentment not so sudden after all What signals do partners send each other to indicate their doubts Why do those signals so often go unnoticed And how do people who saw themselves as part of a couple come to terms not just with absence and abandonment but with a new single identity This groundbreaking book reveals a process that begins in secret but gradually becomes public implicating not only partners but their social milieu Enlightening accessible and deeply affecting Uncoupling offers a startling vision of what really happens behind the surface when relationships come apart Conscious Uncoupling Katherine Woodward

Thomas, 2015-09-22 And Then They Lived Happily We enter our romantic relationships with great love hope and excitement we've found the one so we plan and forge our futures together But sometimes for many different reasons relationships come undone they don't work out Commonly we view this as a personal failure rather than an opportunity And instead of honoring what we once meant to each other we hoard bitterness and anger stewing in shame and resentment Sometimes even lashing out in destructive and hurtful ways despite the fact that we're good people at heart That's natural we're almost biologically primed to respond this way Yet there is another path to the end of a relationship one filled with mutual respect kindness and deep caring Katherine Woodward Thomas's groundbreaking method Conscious Uncoupling provides the valuable skills and tools for you to travel this challenging terrain with these five thoughtful and thought provoking steps Step 1 Find Emotional Freedom Step 2 Reclaim Your Power and Your Life Step 3 Break the Pattern Heal Your Heart Step 4 Become a Love Alchemist Step 5 Create Your Happy Even After Life This paradigm shifting guide will steer you away from a bitter end and toward a new life that's empowered and flourishing **Single** Michael Cobb, 2012-07-02 A radical defense of a solitary life

What single person hasn't suffered Everyone it seems must be or must want to be in a couple To exist outside of the couple is to assume an antisocial position that is ruthlessly discouraged because being in a couple is the way most people bind themselves to the social Singles might just be the single most reviled sexual minorities today Single Arguments for the Uncoupled offers a polemic account of this supremacy of the couple form and how that supremacy blocks our understanding of the single Michael Cobb reads the figurative language surrounding singleness as it traverses an eclectic set of literary cultural philosophical psychoanalytical and popular culture objects from Plato Freud Ralph Ellison Herman Melville Virginia Woolf Barack Obama Emily Dickinson Morrissey Georgia O'Keeffe and Hannah Arendt to the Bible Sex and the City Bridget Jones Diary Beyoncé's Single Ladies Put a Ring On It and HBO's Big Love Within these flights of fancy poetry fiction strange moments in film and video paintings made in the desert bits of song and memoirs of hiking in national parks Cobb offers an

inspired eloquent rumination on the single which is guaranteed to spark conversation and consideration **The Uncoupling** Meg Wolitzer, 2011-04-05 From the New York Times bestselling author of *The Interestings* and *The Female Persuasion* a funny provocative revealing novel about female desire When the elliptical new drama teacher at Stellar Plains High School chooses for the school play *Lysistrata* the comedy by Aristophanes in which women stop having sex with men in order to end a war a strange spell seems to be cast over the school Or at least over the women One by one throughout the high school community perfectly healthy normal women and teenage girls turn away from their husbands and boyfriends in the bedroom for reasons they don't really understand As the women worry over their loss of passion and the men become by turns unhappy offended and above all confused both sides are forced to look at their shared history and at their sexual selves in a new light As she did to such acclaim with the New York Times bestseller *The Ten Year Nap* Wolitzer tackles an issue that has deep ramifications for women's lives in a way that makes it funny riveting and totally fresh allowing us to see our own lives through her insightful lens Read an essay about writing *The Uncoupling* from the author Meg Wolitzer

Summary of Katherine Woodward Thomas's Conscious Uncoupling Everest Media, 2022-03-09T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The loss of a relationship particularly if it was romantic in nature is often considered a failure We assume that a relationship that ends for any reason other than one or both people dying is a failure 2 The root of the word shame is to cover and it is

characterized by the need to hide from the eyes of the world It is especially common in situations where we feel social inadequacy 3 According to Ruth Benedict the difference between shame and guilt is that with shame we feel bad about our defects and mistakes whereas with guilt we feel bad about our own core values 4 When we don't meet our expectations our brains receive a dopamine hit which makes us feel good But when our expectations are not met our stress levels skyrocket and our brains shift into a threat state

Uncoupling American Empire Yu-Fang Cho, 2014-01-06 A cultural studies consideration of marriage and those considered deviant in the nineteenth century American imagination A radical revision of the politics of race and sexuality within racial capitalism *Uncoupling American Empire* provides an original cultural genealogy of how the institutionalization of marriage shaped imagined relationships among working people who were seen as sexually deviant in nineteenth century U S imperial cultures Departing from the longstanding focus on domesticity as a middle class white women's imaginary construct of home nation and empire this book foregrounds the relationship between marriage and subjects marked by slavery prostitution indentured labor and colonialism through tracing overlooked linkages among the period's fiction texts journalistic accounts pictorial illustrations and missionary narratives Yu Fang Cho's feminist intersectional approaches illuminate the complex web of social difference that uneven access to marriage has historically produced the cumulative effects of the ironic and indeed cynical promise of freedom equality and inclusion through sexual conformity and the central role that cultural imagination plays in forging alternative relations among minoritized subjects I cannot state strongly enough how visionary and momentous Cho's book is and how much it will contribute to not only nineteenth century literary studies American studies and ethnic studies but also gender studies sexuality studies and queer theory Grace Kyungwon Hong UCLA This ambitious book demonstrates Yu Fang Cho's facility with feminist transnational and queer theory and her great dexterity moving between literary and historical methods The book's broad conceptual strokes are equally matched by her impressive archival research and close readings Siobhan B Somerville University of Illinois Urbana Champaign Utilizing arguably the best exemplar of a comparative and intersectional approach Cho exposes the contradictions of the promise of freedom and emphatically calls for scholars to address the multiple and differentiated ways that subjects are positioned by U S imperialism across national borders Kent A Ono University of Utah *Uncoupling American Empire* profoundly integrates a wide range of legal and social history with nuanced cultural and literary analysis This innovative project goes well beyond the forced borrowing that characterizes much work that calls itself interdisciplinary and truly challenges the divisions of ethnic studies gender and sexuality studies and transnational American studies Josephine D Lee University of Minnesota
